PLEASANT RUN FARMS GENERAL MEETING MINUTES

A General Meeting of the Pleasant Run Farms Civic Association was held April 27, 2017 at John Wesley United Methodist Church. The following are the minutes from the meeting.

The meeting was called to order at 7:35pm. Twelve members of the community were present.

Springfield Township: Trustee Joe Honerlaw, Assistant Administrator Chris Gilbert and Service Director Mike Gould presented information about the status of funding road projects in the township. The Kempermill Village project, currently underway, is funded with state (SCIP) and township funds, due to the poor condition of these particular streets.

Information was presented on how much less expensive it is to work on streets that haven't fallen into poor condition yet; however the state funding generally is not available for streets that rate at fair condition. An option that several other township neighborhoods have already agreed upon is for the residents to pay an assessment for the work to be done. Assessments in that situation are for a limited amount of time; as opposed to paying taxes for an unlimited duration when a road levy is passed. It was stated that this may be the wave for the future in how road work gets done. Residents in the Farms who may want to look into having their streets repaired in this manner should contact the township for information.

They said that previous methodology for road repairs was always to work on the worst roads first, but more recent thinking has come around to the idea that maintaining roads that aren't in poor condition yet is less costly. Progress is being made, as is possible with funding, to repair roads in poor condition as well as keep up maintenance on roads that aren't in poor condition yet.

They also presented information about the township's spending on PRF streets from 2007 – 2017: \$2.1 million spent and 3.4 miles covered by the projects. They said potential exists for future projects, where they would try to bring in state (SCIP) funding for roads that are in poor condition, as well as work jointly on projects with the county where possible (such as county work on Kemper, where the township would work in a project on streets just off Kemper); and work with neighborhoods that wish to do a project by agreeing to assessments.

Visit www.springfieldtwp.org for more information.

Northwest Local School District:

Todd Bowling presented information on the school district tax levy on the ballot for May 2. Issue 10 would be a replacement levy for one that was passed in 2012 and ran for just 5 years. This levy would actually cost a little less than the levy it is replacing and would be in force for ten years. The levy also is tied to the rollback for homestead, so it's important to pass this levy for the homestead provision as well.

Todd also provided information on the status of school buildings being built and those that are being retired. Without available buyers, five buildings (including Welch) will be demolished. The district will maintain the land, having grass mown, etc., but each location will just be a grassy meadow until such time as it can be sold to a developer who would likely build new housing.

NWLSID has a rating of AA2, which is very good; and only 4 districts in Ohio have a better rating. This helps the district with ability to obtain credit and better interest rates.

Todd discussed other new things on the horizon, such as all-day kindergarten, the board's commitment to reducing costs (even with passage of Issue 10) and looking for other ways to be involved in attracting growth in the townships (Green, Colerain and Springfield) where NWLSID has property.

Visit <http://www.nwlsd.org/> for more information.

PRFCA Scholarship: Ed Mayer presented the 2017 PRFCA Scholarship to Emily Puccini.

Emily is a Northwest High School senior who will be attending University of Cincinnati to major in Chemistry. Congratulations, Emily! Best wishes to you!

PRFCA ATHLETICS

BASEBALL IN FULL SWING AT PRF

The warmer weather in April kicked off the start of the baseball season. This year PRF is fielding 8 baseball teams, 4 Tball teams, and 2 girls' softball teams. Every weekend and nearly every weeknight you can see two or more teams playing games or practicing at Clifford George fields. Teams are also practicing at the three fields at Welch Elementary school. These kids and coaches will be playing in April, May and June on these fields as they work on learning the art of baseball and improving their skills. There are kids from 4 – 14 playing and coaches volunteering their time to teach them.

Besides the sound of the bat and ball, if you come close to the fields when games are being played, you can smell the aroma of popcorn and hotdogs grilling. It's PRF kids who staff the concession stand and provide a good supply of snacks and beverages to the players, families, and fans. Don't let the construction faze you – it's only temporary. Be a sport and come watch a game.

SOCER TO START SOON AT PLEASANT RUN FARMS!

PRF SAY Soccer for Fall 2017 is right around the corner. Registration will begin about June 1st at sports.bluesombrero.com/prfaa . All practices and home games are played at Clifford George Park. Teams are forming and coaches will be meeting soon as they begin to prepare for the fall season. So get registered as early as possible. Once again this year PRF will play in the Fairfield league, so even the away games are still close to our neighborhood.

We would love to have teams for both boys and girls from ages 4 – 14. Look for more details on the website soon. Any questions can be directed to Derek Sheaffer at dwsheaffer@fuse.net.
